Superintendent's Message

Achieving Excellence in Chinook's Edge **A message from the Superintendent**

Our division's outstanding achievements are a testament to the hard work and clear priorities of the entire Chinook's Edge team. Results from the most recent Accountability Pillar and satisfaction survey results show an all-time high for Chinook's Edge in a number of measures across the board. Our division is above provincial average in the Acceptable Standard for both Diploma Exams and Provincial Achievement tests, and the measures of Excellence on these exams continues to rise. We are also proud of our all-time high graduation rates, as well as the increasing number of students who transition into post-secondary learning.

Chinook's Edge has identified four divisional strategic goals for student success: literacy, academic achievement, career connections and social emotional learning. This focus is impacting students at every grade level in our division, which makes us extremely proud. We are equally pleased with the high level of satisfaction that our students, parents and staff are reporting. Chinook's Edge works to ensure our schools are positive and welcoming places for students, families and staff. That strong foundation of caring is resulting in success for everyone in our school communities, and is creating levels of excellence among the students we serve.
